my life, my love, my shadow, my happiness, my light, my better half

Idole get up baby, Anna is here, enough sleep, let us go to home.

or you don't want to get up, take me with you.

Idole you know, without you Anna couldn't do nothing.

Idole, get up it's too cold for you, one time i want to speak with you, laugh with you, eat with you, only one time.

Idole, all are telling you are not coming back to me, still i don't believe you are not with me
